Was going through some old pictures that I had scanned to disk and came across this. I have a few more old flyers if anyone is interested I can post these also

Regards  
Tony

What if I was dissatisfied?  
  
Do you offer some kind of remuneration package for me if I am dissatisfied? Do you have professional indemnity insurance in case I become unwell or sustain injury as a result of dissatisfaction?

That would have been no.2! It was a good party, a mate of mine still has the full size poster of that one. A bit weathered but still intact.

I also have the full size poster. I had 4 of them but resently gave two of them to a mate of mine before I left Australia. I had mine laminated to keep them from getting torn etc.

Disco, was it a very small piece of paper with just an alien (old comp. stamp style) roughly printed on it out of centre reading "Argon 1" and old style comp. dots dashes or symbols?

- ohkay...do you have the METROPOLIS - "BOUNCE" flyer, faded blue printed on white?

- or the INFINITY A3 poster which features half a females face, yellow borders?

speak soon.

I have the Argon 1 flyer I'll email it to you. As for the bounce sorry can't help you there. Most of my stuff is at my parents place in Brisbane as I now live in Auckland. ;o( I scanned a few things before I left and happened to come across them when doing a hard disk spring clean.
